

Wine Grapes **GRACIANO**

Quality red variety from La Rioja.

PHENOLOGY

Sprouts 5-7 days after Tempranillo. Ripens 7-10 days after Tempranillo.

CLUSTERS AND BERRIES

Medium cluster and small-sized berry.

PESTS AND DISEASES

Slightly sensitive to pests and diseases.

AGRONOMIC CHARACTERISTICS

Upright growing without second-generation shoots, and therefore, easy to work. Long cycle, very interesting variety in warm climates, maintaining high acidity levels.

OENOLOGICAL CHARACTERISTICS

Great oenological characteristics, providing colour, acidity and aromas to the wines. Good complement to Tempranillo wines.
